AstirO NXT with SS fully collapsible safety side railing (pair)

AstirO NXT with big size polymer safety side railing (pair)

AstirO NXT

1710N

Stretcher trolleys play an essential role in the mobility and transfer of patients during emergencies. AstirO NXT is engineered for quick and safe intrahospital patient transfer equipped with emergency and recovery care management. AstirO NXT comes with height adjustment on hydraulic columns. Stable and robust it is designed to intensive use, making it a perfect choice for critical care and high dependency areas.
