HIGH BACK CHAIRS

Site : Wibmo | Product : Signature Series conference table

Consider the boss' chair, a mute object. You may think, an insignificant agglomeration of steel springs and upholstery - only a spot to sit. Indeed, the seat picked by top officials is significantly more than that. It is a totem, an image of intensity, and it anticipates a charming, if subliminal, message. The C.E.O.'s chair is a very powerful tool for managing the impressions of visitors. It exemplifies personal style. Does it say hierarchy, or does it create the illusion of equality? Either way, the chair's symbolism is key. Our executive chairs are designed to exhibit seating that offer unparalleled levels of comfort and support. Most of these products of engineered working comfort are made in a range of models for all of the employees in the corporate empire - from the data processors to the C.E.O so that one doesn't have to divine from the height of the back or the richness of the upholstery who the ultimate occupant might be.

EDUCATIONAL FURNITURE

Site : STPI Agartala | Product : Graduate Series

Education is the seed to success. Learning and imparting knowledge gets innovative by the day with infrastructure and learning space keeping pace with such ever changing times. We design and engineer furniture for the academic space that enables contemporary learning while perfectly equipping the gurus and disciples. Our top notch academic furnishing solutions encompass every infrastructure setup possibly imaginable.

EDUCATIONAL FURNITURE

GRADUATE

Designed and engineered for the academic space that enables contemporary learning, Graduate is one of our top of the line educational furniture. The attention span of a student is 10 to 15 minutes whereas classes in educational institutions last for at least 40. With the infrastructure and the learning space keeping pace with such ever changing times, Graduate is built with the concept of creating focus zones for students to develop high levels of performance and active attention.

Graduate is an ideal educational furniture and can be integrated easily into any classroom space as it is a uniform system of seats and tables with multiple available adjustment and arrangement options. The superior material and build of the product creates a supportive load bearing ability. Empower your students through attentive and creative collaboration, generate optimal performance levels and bring them a step closer to a bright future with Featherlite's Educational Furniture range.

Product is offered in two seater and three seater options

GENIUS

MULTIPURPOSE CHAIR

Genius WD

Genius

Designed for quick, easy transitions, and to support versatile learning modes, the Genius chair back rest and seat is made of high quality polypropylene shell. To add to the comfort that offered to students by this chair, the seat and back are perforated so as to allow increased air circulation. The ability to focus is directly correlated to a student's comfort level in terms of the surrounding environment, which includes the furniture he/she may be using. Metal powder coated legs provide a firm base and the chair can be fitted with a writing pad made of rubber wood to allow student's a user friendly writing base.

The Genius chair is easily movable and stackable – a quality that translates directly into classroom performance After all, a lesson plan can be carried out more effectively when seating is arranged and rearranged effortlessly.
